

## Application process and requirements

- How does the application process work—rolling admission vs. decision deadlines
- Do you take the Common Application
- What are the requirements for the application
- What are you looking for in an applicant
- Is the application fee waived for my visit today
- Do I need to come back for an interview/audition

## Academic Program

- How many students are in the major I'm looking to pursue
- Has the program I'm interested in received any accreditations
- What is the ratio of lecture vs. hands-on class work
- What internship opportunities are available
- What type of Career Services Office do you have
- Is study abroad available and to where
- Is there academic support
- What are the four and five year graduation rates
- What is the placement rate after graduation and how do you calculate it

## Campus Culture

- Do students stick around on the weekends
- Is there a lot to get involved in
- What kinds of clubs and organizations exist on campus
- Is there Greek life on campus
- What division of athletics is the college
- Are there club and intramural sports
- What do students do for fun
- How safe is the campus—is there a safety plan in place
- (if the representative is an alum) Why did you choose this college

## Financial Aid/Scholarships

- Is there merit based and/or need based aid opportunity through the college itself
- How do merit based scholarships work
- Do I qualify for any unique scholarships the school offers
- Will I still receive the full amount of aid from the school if I receive private scholarships as well
- Can I realistically afford to come here
