## Grad Students on the Move

Building graduate business programs here at Grove City College has been super rewarding. Those of you in the current programs are growing your leadership skills in rather dramatic fashion!

**MSBA:** A Master's in Business Analytics is a great idea in today's data-driven world. GCC MSBA students are already making remarkable differences in their workplaces! Exciting growth in job opportunities, promotions, and careers are everywhere thanks to the excellent talent in the cohort and their enthusiastic engagement of coursework.

If you are a mover and shaker, consider joining GCC's second MSBA cohort beginning this summer. Bring other candidates with you; help make each cohort strong! You are encouraged to [apply today](#).

**MBA:** GCC's first MBA cohort starts this summer. In keeping with GCC's focus on each individual, the cohorts are purposefully kept small. However, the talent in the first MBA cohort is so strong that we were unable to say no to some of the candidates! So while the cohort is double what we originally planned, it is still small enough to make sure individual attention is afforded each of you. We simply cannot wait to start!

Dr. Christy Crute

### WHAT'S NEW

---

#### STUDENT SPOTLIGHT

Congratulations to **Wyatt Kriebel** on his new job! His knowledge of Data Governance was a key to his success. Congratulations to **Tyler May** who was invited to speak on Data Governance at the National Tableau Conference!

[Send us your good news!](#) Share how the program is working for you, along with your photo. We want to feature you in our bulletin and on LinkedIn!

## Academy VIP

"I'd definitely recommend Grove City's graduate program. I've been very impressed so far with the program—especially the relationships I've already built with the professors. However, this is a feature of GCC that I already knew well, being a graduate of the college—it definitely

influenced my choice to come back here! I'm really excited to see what graduate degrees Grove City will offer in the future. I hope even more students will look to GCC for their graduate programs."

--Rachel Hanna, current MSBA student

### Grove City "Paw-lege"

Meet two of our grad student pets: Tucker and Tank!

## GCC Career Center and Graduate Students

By GCC Career Services

Career Service events are winding down for the semester, but the CSO is always happy to assist our graduate students.
