## Graduate Leadership Summit

The second annual Grove City College Graduate Leadership Summit brought together graduate students, accomplished professionals, and business leaders to share their insights and expertise on leadership, persuasion in marketing, and the implementation of artificial intelligence in business.

The Leadership Summit is a key element of the College's graduate online degree programs that provides a crucial in-person aspect to the coursework required to earn an MBA, Master's of Science in Business Analytics or Master's in Accounting degree from Grove City College.
