GCC Launches MBA Program

Because you are a current graduate student and strong friend to Grove City College, I wanted to personally let you know that we are starting a new, exciting master's program.

With courses starting this summer, Grove City College is now taking applications for the new [Master's in Business Administration \(MBA\)](#)! We are so excited to start this program.

Just wanted you to be one of the first to know!

Wishing you well,

Dr. Christy Crute

WHAT'S NEW

Dr. Remi Draï, PhD in Applied Mathematics from the University of Nice, France, brings his experience working as an applied mathematician and engineer for the European Space Agency to the MS in Business Analytics online classroom. Dr. Draï's main research interests relate to the control and estimation of dynamical systems. Some of his publications can be found [here](#).

"I look forward to cultivating my students' curiosity and problem-solving skills as we discuss Machine Learning and other cutting-edge topics. Using case studies and other real-life examples as a basis, we will manipulate and analyze large data sets to inform the decision-making process." -Dr. Draï
